PROSPECTUS 2025-26

Chairman's Message

Sameer B. Wagh

Chairman
K.K.Wagh Education Society,
Nashik

Welcome to the K K Wagh Group of Institutions - a hallmark of quality education for over 50 years and a responsible contributor to India's progress.

As Chairman of the K K Wagh Trust, I take pride in our enduring commitment to our founding principles. Quality education, in our belief, is the catalyst for societal prosperity and development.

Rooted in the vision of our esteemed founder, Late Shri. Kakasaheb Wagh, and passionately carried forward by our beloved Ex. President, Late Shri. Balasaheb Wagh (Bhau), K K Wagh has played a pivotal role in the development of rural India. Today, with over 29 institutes, we offer a diverse spectrum of programs, fostering the holistic development of children and youth in Nashik's urban and rural areas. We provide a wide array of courses encompassing Engineering, Pharmacy, Agriculture, School Education, Fine Art, and Performing Art. Additionally, our offerings include traditional Arts, Science, and Commerce courses, ensuring a holistic and inclusive educational experience.

Our belief in the transformative power of education is reflected in the success stories of our 23,000+ learners. Notably, our alumni continue to excel globally, leading teams in international corporations. When gauging K K Wagh's success, I reflect on two key attributes. Firstly, students with parents who graduated from our campus bear testimony to the enduring value we offer across generations. Secondly, the remarkable longevity of our members in the system speaks volumes about the lasting impact and commitment fostered within K K Wagh.

As we navigate the ever-evolving field of education, the proposed National Education Policy 2020 presents exciting opportunities. It calls for dedication, authenticity and innovation to develop skilled and valued citizens for sustainable development. K K Wagh, a pioneer of top-class institutions half a century ago, stands ready to lead the 21st century and implement the NEP. We invite you to join us in this transformative journey.

Experience and engage with the K K Wagh as we continue to contribute to nation development by building human capacity.

Warm Regards,

Sameer B Wagh

Chairman
K.K. Wagh Education Society,

Founder & Architect of K K Wagh

Balasaheb Wagh *alias* Bhau

.... a symbol of
DETERMINATION - DEVOTION - DILIGENCE

Late Balasaheb Deoram Wagh

Founder & Visionary
of K K Wagh

The late Shri. Balasaheb Wagh, alias Bhau (1932-2022), was a visionary, a great humanitarian and a quintessential reformer who has left behind an impeccable paradigm of selflessness and dedication. He devoted his life to uplift rural masses and made remarkable contributions in various fields including agriculture, social work, the cooperative sector, education, fine arts, sports, forestation and water conservation, to name a few.

He was born into the legendary family of Padma Shri Awardee Karmaveer Kakasaheb Wagh and Smt. Geetai Wagh. His personality blossomed in the influential company of his able father's reputable and progressive friends, associates and well-wishers, notably Karmaveer Bhaurao Patil, Dr. Panjabrao Deshmukh, Karmaveer Bhausahab Hire, Padma Bhushan Awardee Vasantdada Patil, Karmaveer Dadasaheb Gaikwad, Krantisinh Nana Patil, Gyanpeeth Awardee Kavi Kusumagraj and grandfather Sayaji Wagh.

Shri. Balasaheb Wagh completed his graduation in agriculture from Government College of Agriculture, Pune and joined as an agricultural officer in Maharashtra Sugar Factory, Tilak Nagar, Shirampur, in the early 1960s. He served as a secretary at Sanjeevani Co-operative Sugar factory, Kopargaon. With his able management and people skills, Shri. Balasaheb Wagh soon climbed the ranks, becoming Managing Director at Niphad Co-operative Sugar Factory (Dist. Nashik, Maharashtra) and Chairman at K K Wagh Co-operative Sugar Factory, Ranwad (Dist. Nashik, Maharashtra).

He was associated with and worked for the betterment of various organizations, notably Nashik District Central Co-operative Bank, Deccan Sugar Technologists Association Pune, Deccan Sugar Institute (now called Vasantdada Sugar Institute (VSI) Pune, National Heavy Engineering Corporation Ltd. and Distillery Association of Maharashtra. He was instrumental in the establishment of the Niphad Taluka Grahak Mandal, Kakasaheb Nagar Grahak Sahakari Sanstha, Kakasaheb Nagar, Fruits and Vegetables Association, and Medical Trust at his village. He was elected as Director for Nashik District Central Co-operative Bank (NDCC) for the period 1980-1985.

Shri. Balasaheb Wagh pioneered the construction of 250+ irrigation weirs/bunds (Karmaveer Bandhare) in Niphad Taluka of Nashik District as a cooperative initiative during his tenure as President of Karmaveer Kakasaheb Wagh Sahakari Sakhar Karkhana Ltd. This has proved to be a boon to Socio-Eco upliftment of farmers in the region and provided a new model for water management for irrigated agriculture.

Considering his in-depth knowledge in the field of water resources, irrigation and the cooperative movement, the Government of Maharashtra and then Chief Minister included him in the Second Irrigation Commission of Maharashtra as a member in 1995. This commission was

constituted under the chairmanship of Dr. Madhavrao Chitale, a world-renowned figure in the Water Sector and Stockholm Awardee. This commission submitted a detailed report which became the basis for long-term water management planning of the state.

Being an environmentalist, utilizing his deep expertise and micro-level knowledge in geography and agriculture, he preserved more than a hundred varieties of the rarest tree species. Taking a step towards a safer environment, he initiated the idea of 'Eco-friendly Ganesha' almost a decade ago. This initiative has encouraged millions of other people to shift to eco-friendly practices and has significantly reduced the pollution of water bodies.

Owning a deep sense of inclination for the arts, he established the 'Kala Academy,' where he promoted Indian classical music among the youth and encouraged other art forms by inviting experts from all around the nation. Numerous experimental workshops for singing, drawing, painting, and sculpture were conducted, fostering creativity and artistic expression.

Inspired by the teachings and guidance of the late Padma Shri Awardee Karmaveer Kakasaheb Wagh, Shri. Balasaheb Wagh dedicated himself to establishing and elevating educational institutions to new heights of reputation and integrity. While serving as a Trustee, Vice-President, and President of K K Wagh Education Society since 1970, he played a pivotal role in the establishment of schools (CBSE & State Board) and colleges spanning diverse fields, including Engineering, Pharmacy, Agriculture, Fine Art, Performing Art, as well as traditional Arts, Science, Commerce, and Computer Science. He significantly contributed to the accreditation of Engineering Colleges and Polytechnics, consistently striving to enhance both quality and quantity by attracting proficient faculty and introducing new branches and disciplines. Shri. Balasaheb Wagh was a radical pioneer who walked the extra mile to ensure girls get into mainstream development. Being an alchemist in his approach, he strived for spreading the mark of K K Wagh across the globe with world class education system. His continuous efforts resulted in the establishment of nine campuses and thirty different institutes by 2022. Due to his rich experience in agriculture and love for nature, all campuses of K K Wagh Education Society metamorphosed into lush greenery in the form of rare varieties of floral biodiversity.

Shri. Balasaheb Wagh played a prime role in the establishment of the Association of Managements of Unaided Engineering, Polytechnics and Agriculture & Agriculture Allied Colleges in Maharashtra. Due to his work and commitment, he was elected unopposed as President of these three state-level Associations for 16 to 17 years. Through this, he brought around 700 unaided Professional institutes in the State of Maharashtra under the umbrella of these associations and worked relentlessly to solve their problems.

On the occasion of his 80th Birthday, then Chief Minister of Maharashtra felicitated and acclaimed Shri. Balasaheb Wagh as the 'Sage' and conferred upon him the title of the 'Torch-Bearer' for illuminating the lives of several thousand people through education. He received numerous prestigious awards including Krushi Jeevan Gaurav Puraskar, Jeevan Sadhana Gaurav Puraskar, Edupreneurs Award, Nashik Bhushan Puraskar, Samajratna, and Pitru Puraskar, in recognition of his valuable contributions to the social, agricultural and educational fields.

A prominent name in the fraternity who strived for the betterment of people, Shri. Balasaheb Wagh was a true Gandhian. He was very soft-spoken and wore the crown of simplicity, ensured that he wears and eats only local, believing in the concept of a self-sufficient village. A man of very simple living and high thinking, dedicated his life towards improving basics and worked tirelessly for 65 years to bring a difference in the lives of rural people. An ordinary man with an extraordinary zeal to serve society has reformed a million lives and engraved a permanent place in the hearts of every single soul he touched! A beacon of inspiration, he lived a vibrant and active life for 89 years, leaving behind a legacy that will be cherished and remembered for generations to come.

About K K Wagh Education Society

K K Wagh Education Society is a leading educational trust in Nashik District. It was established in 1970 by the visionary leader Late Padmashree Karmaveer Kakasaheb Wagh. He realized the importance of education for upliftment of rural masses and started with a school in Niphad Taluka. The education society later on received a land of 23 acres from the well-known Philanthropist Late Kakuseth Udesi who was Director of Hansaraj Surji Charitable Trust, Nashik. It was utilized by K K Wagh Education Society to establish an ideal Technical Campus known as 'Hirabai Haridas Vidyanagari'. This picturesque Campus houses the Engineering College, Polytechnic and Pharmacy College. Later on the other educational institutes in the field of Agriculture, Agricultural Engineering, Education, Fine Arts, Performing Arts were started in the campus at Saraswatinagar, Nashik. English Medium Schools, Junior Colleges and CBSE Schools are also run by the trust in Nashik City and Niphad Taluka.

With the vision of empowering the youth through quality education, K K Wagh Education Society started colleges with faculties like Arts, Science, Commerce, Computer Science etc. at Nashik, Kakasaheb Nagar and Chandori. These colleges are useful for the children of farmers who were deprived of higher education due to non availability of colleges at their native place. A Pharmacy Institute was established in Pimplas (Ramache) village to provide professional education for rural students.

The objective of K K Wagh Education Society is to provide quality education at affordable cost. The quality culture has been developed in all the institutes. All institutes have State-of-the-Art laboratories with latest equipments, computers & internet connectivity. Other facilities provided to the students include gymnasium and sport facilities, hostels for boys and girls, mess and canteen, transportation facility etc. Highly motivated and qualified faculty engaged in teaching, research, consultancy, training, testing and designing is a major strength of all the institutes.

A small sapling planted by Karmaveer Kakasaheb Wagh has grown into a big tree with 29 branches with over 23000 students engaged in studies from K.G. to Ph.D. in the various fields. There are over 1900 dedicated employees following the Indian ethics and striving hard towards developing the World Class institutes. Over 50000 alumni members speared across the Globe are the brand ambassadors for K K Wagh Education Society.

Impressions of our alumni

Gaurav Ramesh Mahajan

B.Sc in Computer Science (2021–2024)

Post : Analyst at Tata Consultancy Services
Software Engineer at Narola infotech

My academic journey at K K Wagh Arts Commerce Science and Computer Science College has been both inspiring and impactful. The years I spent here were not only about learning programming languages and technical skills, but also about discovering my strengths and building confidence for the future. The exposure to real-world applications through hands-on lab work and mini-projects allowed me to think critically and solve problems effectively skills that continue to help me in my professional role at Tata Consultancy Services. What made my college experience even more special was the opportunity to actively participate in various cultural activities and NSS. Whether it was organizing events, performing on stage, or volunteering for college fests, these moments taught me valuable lessons in leadership, collaboration, and time management. Balancing academics with cultural engagements helped me become a better-rounded individual. The vibrant college environment encouraged creativity and self-expression, and the support from peers and mentors made every challenge feel like a shared goal. I am especially thankful to the placement cell, whose well-structured training programs, mock interviews, and career guidance sessions played a pivotal role in helping me secure a position at one of India's top IT firms.

As I look back, I feel proud and thankful to be a part of an institution that gave me not just academic knowledge but lifelong memories and friendships. I carry forward the values and confidence I gained at K K Wagh College and remain excited for the road ahead.

Pranita Mohan Rawale

B.Sc., Chemistry, (2017-2020)

First and foremost I want to extend my sincere gratitude to my professors and academic staff whose constant support and guidance were incredibly valuable throughout my college years.

Since childhood I had a very strong dream to work for social cause and help people bring positive differences in their life. When I got into the college, I came into an environment that valued academic exploration which helped me to decide my path, I took the decision to become an entrepreneur so that I could help people and as someone said, **if there is a will there is a way**. I'm so thankful to god that I got this opportunity. I started an E-commerce business and became a part of global industries. I'm also part of RYTHM (Raise Yourself To Help Mankind) Foundation which is also an arm of business which helped me to achieve my dream of working for social cause.

Today as an entrepreneur, I'm happy to work in multiple countries. My husband being in the INDIAN ARMY makes me feel proud that we both are serving our nation in our own ways.

Lastly, I thank all who contributed in my journey

Thank you

B.Sc. Chemistry (2014)

Post : Executive / Reviewer, QbD Research and development Lab Pvt. Ltd., Thane.

"The friends you make in college are friends you'll have for life, even if you don't talk for years at a time."

It has been almost 8 years since we left college. 2014 is our Sr. College career. In 2014, we took admission in college. New college, new staff, and many new things. After junior college, senior college was the one that was pulling us. Those 3-4 years of B.Sc. are those unforgettable memories of life. While in second year, I got 1st Prize in Biospectro 2015 Poster competition. Then when I was in TY Ia, I was quarter Finalist in Intercollege Football Tournament, along with Winners in Inter-Departmental Sports.

I hope that the demand for a canteen that I had made since the first year of BSc has now been fulfilled. The time spent by skipping the lecture bunk and going to the ground and walking with the whole group, the study done in the parking lot during the paper is now impossible to go back to. Along with this, the college staff helped a lot. Now everyone is successful in their own fields, Ratan Tarote (PSI Mumbai Police), Shrikant Makone (Music direction), Amit Ahire (Nashik Court). Even though everyone is busy with their lives now, sometimes they meet online and sometimes offline, those college days and that friendship are never to be returned.

That is why someone has said, "This is what is passing, it is not time, it is life."

I'm goona miss this place, I'm goona miss my college days.

Post : Java Developer at Tata Consultancy Services.

My journey at K K Wagh Arts, Commerce, Science and Computer Science College has been both empowering and transformative. The college's academic environment, combined with the support of dedicated faculty, helped me build a solid foundation in programming and problem-solving, which now guides me in my role as a Java Developer at Tata Consultancy Services. Practical sessions, real-world projects, and strong mentorship prepared me to take on challenges confidently in the professional world. A significant part of my growth came from being part of the Mahindra Pride Classroom, an exclusive program for girls where I developed essential soft skills, professional behaviour, and interview readiness. Additionally, the Barclays Life Skills Programme, conducted by the GTT Foundation, offered focused training on aptitude test-solving strategies—an advantage that proved valuable during the placement process. My involvement in NSS and Avishkar, the college-level project competition, was another key milestone. It enhanced my teamwork, presentation, and project development skills. Participating in such competitions gave me practical exposure and boosted my confidence in handling real-world technical tasks. Reflecting on my time at K K Wagh College, I feel immense gratitude for the role it played in shaping who I am today—both professionally and personally. The knowledge, experiences, and mentorship I received have laid a strong foundation for my career. More than just academics, the college instilled in me a sense of purpose, resilience, and confidence that I will carry forward into every chapter of my life.

Thank you...

B.Sc. Chemistry (2019-2022)
Post : Niyatshetra Van Aadhikari (Van Rakshak) Maharashtra Gov.

I had completed my Graduation in B.Sc. Chemistry in 2019- 2022 batch thanks to all my teachers and college seniors for the education guidance, and supports provided. I appreciate the time and effort dedicated to shaping my future.

Success often isn't a straight line; it's frequently punctuated by challenges and problems that can test the resolve of even the most determined individuals. These challenges can range from personal struggles like doubt and imposter syndrome to external obstacles like failure, rejection, or criticism. However, it's precisely through overcoming these problems that individuals often find their true strength and achieve lasting success.

Today I got an Opportunity to Serve our State and Country in forest Department of Maharashtra Government. And I am proud that I am in an uniform service.

Looking back at my time at K K Wagh Arts, Commerce, Science and Computer Science College, I feel very happy and proud. Being a part of the BBA-CA department (Batch 2020-2023) was a wonderful experience. I learned a lot, not just from books, but also through practical work, projects, and group activities. The guidance and support from our HOD, Vijayshree Bawa Ma'am, helped me grow with confidence. She was always encouraging and made sure we gave our best. The teachers were kind, helpful, and made learning interesting. I also made great friends and shared many good memories during college events and daily life on campus. This college gave me the skills and confidence I needed to move ahead in life. I will always be thankful to K K Wagh College and feel proud to be its alumni.

B.C.A. (2021-2024)
My three-year journey at K K Wagh ACS & CS College, Nashik's Department of BBA-CA has been truly transformative.

I'm grateful to our esteemed entire faculty for their unwavering support, guidance, and mentorship. The department's dynamic faculty, with their industry expertise and passion for teaching, have been instrumental in shaping my understanding of business administration and computer applications. The collaborative learning environment, enriched by diverse perspectives and ideas, has fostered my growth as a professional and individual. I'm thankful for the experiences, knowledge, and values gained during my time here, and I'm confident that they will empower me to make a meaningful impact in the industry.

M.Sc. Microbiology.
Currently working as an Officer at Serum Institute of India.

I am an alumnus of the Microbiology Department at K K Wagh College. It's truly a privilege to reconnect with the institution where I laid the foundation for both my academic and professional journey. Looking back, my time at K K Wagh College was filled with moments of growth, challenges, and success. From intense practical sessions to insightful lectures, from group projects to individual research, the college provided me with an environment that encouraged exploration and intellectual curiosity. The guidance from our faculty, who were always ready to support and mentor us, played a key role in shaping my academic journey. After completing my studies, I joined the Serum Institute of India, one of the world's leading biotechnology companies, and I am proud to say that the solid foundation in microbiology I received at K K Wagh has been invaluable in my professional life. The knowledge and skills I gained during my time at college equipped me to face the challenges of the industry, and I am constantly grateful for the strong academic background I developed.

The friendships and networks I built during my college years have remained strong and continue to be a source of inspiration. It was here that I learned the importance of perseverance, teamwork, and creativity-qualities that I carry with me in my career today.

I wish each one of you the very best in your academic and professional endeavors. Remember, the path ahead is yours to shape, and the skills you develop here will serve as the stepping stones to success.

Thank you, K K Wagh College, for lighting the spark in me and for being an unforgettable part of my life.

M.Sc. in computer science (2021-2023)
Post : Software Engineer at Narolainfotech

My academic journey at K K Wagh Arts, Commerce and Science College has been a defining chapter in my life, one that has shaped me both personally and professionally. Pursuing both my undergraduate and postgraduate studies here offered me not only quality education but also a nurturing environment that fostered growth and ambition. Beyond academics, the college offered a dynamic and supportive atmosphere. Whether through student-led initiatives, technical workshops, or cultural events, I had countless opportunities to grow as a communicator, a team player, and a leader. These experiences were instrumental in building resilience, adaptability, and self-assurance.

I also owe much of my professional success to the college's proactive placement cell. Their structured training programs and career support helped me seamlessly transition into the workforce. The connections and insights I gained during campus recruitment were invaluable and continue to benefit me. Looking back, I cherish the memories, friendships, and lessons I gathered along the way. Being part of such an esteemed institution is a source of great pride. I'm deeply thankful to my educators, peers, and the broader college community for being part of this incredible journey-and I look forward to staying connected and giving back in the years to come.

गोदाईच्या पुण्य तीरावर मंदिर सरस्वतीचे
ज्ञानपीठ हे गुणवंतांचे वैभव या मातीचे !

साक्षर व्हावा समाज सारा ध्येय मनाशी जपले
कर्मवीरांनी पाहिलेले स्वप्न इथे उलगडले
दिशादिशातून वाहू लागले वारे चैतन्याचे !

अक्षर क्रांतीने हे घडले जीवन उपेक्षितांचे
संस्कारांचे, न्यायाचे अन शिक्षण समृद्धीचे
नवयुग आले विज्ञानाचे आश्वासक तंत्राचे !

अज्ञानाच्या अंधारावर ज्ञानकिरण लखलखले
लाख उमलले अंकुर येथे कृषी मंदिरामधले
नभ अवतरले मातीमधुनी झगमग नक्षत्रांचे !
